SOUTHERN FRAUDS.

THE BOAST OF VILLAINOUS RASCALITY—ANDREW JACKSON JONES, GIBBS, &C.

In our recent issues we have called attention to the villainous frauds practiced upon the State of North Carolina by carpet-baggers and pseudo New York bankers, who, upon the pretext of improving railroads, robbed the State of its bonds to over seventeen millions of dollars. In these transactions the name of Andrew Jackson Jones appeared, but we did not suppose we should so soon again notice him; nor would we, were it not to guard our people and to aid North Carolina possibly in recovering some of her bonds.

This Jones has reappeared in Jersey City, at his old rendezvous of Taylor's Hotel. Whether he crosses to New York to communicate with or to aid or be aided by Soutter & Co., or the members of that firm who co-operated with him in Raleigh, we do not know; but we know that he boasts of his villainies—says he "don't care for the exposure the women give him in their paper—that he has lost $30,000 more than once at the gambling table—that he got it easy enough—*has thirteen millions* more of the North Carolina bonds, and intends to see it out."

One Gibbs, hailing from Florida, said to be one of the North Carolina gang, is also at the same rendezvous, and acknowledges that he has come on to get money from the New Yorkers for the railroads in that State. It will be remembered that Littlefield made off with some seven millions of the North Carolina bonds, and with them bought a railroad in Florida.

Here, then, is a chance for the official authorities of North Carolina and of Florida to get hold of these two parties on their own statements, particularly Andrew Jackson Jones, who acknowledges having so large an amount in his hands.

We caution the public against taking, at any price, any of the bonds of the issue named in our previous articles. It is now almost certain that there will be a repudiation of these bonds, and it may be the first step towards arresting all the parties concerned by those who have been swindled in their sale here, and they possibly cannot commence an action until the State gives them this first foundation to rest it upon. There is no doubt that an honest executive, if such existed in North Carolina, would cause their arrest and imprisonment before such discredit as repudiation came, but, as the present Governor is charged *as particeps criminis*, there is little hope of that, and all the honest people of the State will be brought to suffer under the stigma of these things.

LESSONS IN POLITICAL FINANCIERING.

CHARLESTON, S. C., Dec. 1, 1870.

Messrs. Woodhull & Claflin:

I answer the concluding question in my last by presenting

JOHN L. NEAGLE.

This is a scalawag, having been born in North Carolina. He now holds the office of Comptroller General in South Carolina.

He stands charged with stealing and perjury.

About two years ago letters from gentlemen in North Carolina, who knew him as a school boy, were published in all our newspapers, proving directly that Dr. Neagle (he is a physician) was expelled or driven out from a school in his native State for stealing clothes from a schoolfellow.

The proof of his forgery has not been published in the same way, but it is understood that a detective in the service of the United States is getting up the evidence, preparatory to Dr. Neagle's election to Congress, to be used at the proper moment. Nobody doubts his being capable of it. Should he be elected to Congress, it is morally certain that he will never be permitted to take his seat, unless he does it over the heads of these two crimes; to say nothing of divers others.

He came here after the war, poor—a financial failure—a pauper—like a score of others around him; and he, like those others about him, is now rich. During the campaign just closed Dr. Neagle said, in a public speech (to negroes) in Columbia, that two years ago they (he and other leaders) came to Columbia so poor that sometimes they did not know at breakfast where the money to pay for dinner was to come from. This he told to show how easy it had been to live under the excellent government that he and the leaders had established for the people of the State.

Dr. Neagle is the son of Matthew Neagle—a drinky old man, of Gaston county, North Carolina—and was designed by his father for the Presbyterian ministry.—With this end in view, the young John L. was sent to Davidson College. His collegiate career terminated as above intimated. He left in disgrace, and has never since emerged from it. He read medicine with Dr. Tracy in Cleveland, N. C.; and after reading awhile the aspiring John put up his shingle as M. D. in Gaston, N. C.; and during the war of secession he held the commission of Assistant Surgeon in the Confederate Army. After the war he opened a shop at Rock Hill, in York county, South Carolina, where he bought cotton in an irregular way, and made some money.

He has no ability except what comes from his intense loathing of everything decent among the white people of this State. His vituperations against respectability are striking. He wheedles and fondles the dirtiest of the negroes who can influence votes for him; and Mrs. Neagle is said to not enjoy the style of treatment he accords her, invalid as she is.

There is probably not a lower man, white or black, in the dirty politics of South Carolina to-day than Dr. John L. Neagle.

He is a member of the infamous Board of the Land Commission, and has made money. He has bought a nice house in Columbia and lives expensively.

PALMETTO.

The Richmond Manufacturing Company, at Rockingham, N. C., (says the *Reconstructed Farmer,*) are rebuilding their mills destroyed by Sherman and his bummers.

A building four stories high, one of the finest in the State, costing with the machinery in it seventy-five thousand dollars, is completed, and ready for operation. Another company is erecting, four miles north of Rockingham, another cotton mill, called the reversion. These are hopeful signs.

MONDAY, JAN. 16th, 1871.

10,000 Nos. Put in the Wheel; 110 *Awards Drawn.*

Whole Certificates, $5; Halves $2 50; Quarters, $1 25.

WHAT THE CITY PRESS SAY:

PRIZE DRAWING.—Quite a crowd assembled at the Theatre yesterday noon, to witness the Grand Drawing of the North Carolina Beneficial Association. There were 100 prizes in all, and little rolls of paper separating these were placed in a wheel on one side, while the tickets were in another wheel opposite to the former. Between the two was a table, at which sat the Judges and Mr. John London, Commissioner. The wheels were made with glass sides, so that everything within them could be seen and were securely locked, until the drawing began. This was done by means of two little boys, who were securely blindfolded, one drawing a number from one of the wheels and the other the prize to correspond with it. There is no question but that the drawing was done in a perfectly fair and just manner.—Wilmington Daily Journal, Dec. 2nd.

THE GRAND DRAWING YESTERDAY.—The grand single number distribution of the N. C. Beneficial Association, which took place at the Theatre yesterday, at 1 o'clock, was the all-absorbing theme during the day. The drawing took place in public, a committee having been selected from the audience to act with the Commissioner in keeping an account of the same and to see that it was conducted fairly. Quite a respectable crowd was present to witness the drawing. The following numbers drew the principal prizes: No. 3510, $5,000; No. 9008, $2,500; No. 5708, $2,000; No. 2940, $1,000; No. 1407, $2,000; No. 4412, $1,000; No. 1486, $500. The Certificate No. 1407 was sold to a citizen of Wilmington, N. C.—Wilmington Morning Star, Dec. 2nd.

OXFORD HIGH SCHOOL,

J. H. HORNER, } Associate Principals.
R. H. GRAVES, }

THIS SCHOOL which has been for the last twenty years under the exclusive charge of J. H. Horner, will henceforth be conducted under the joint supervision of the above principals, with competent assistant instructors in every department.

The course of study has been extended, and boys will be thoroughly fitted for advanced classes in College, especial reference being had to the qualifications requisite to admission into the Senior classes in the University of Virginia, of Washington Lee University. The latter of which has again conferred upon the school the honor of a scholarship in that Institution.

A regular course of study in Natural Science, Commercial Science and the Modern Languages has been added to the school for those students, who, desiring to acquire only a complete business education may wish to substitute these studies for Latin and Greek.

No pains will be spared to render the instruction in the school efficient and to furnish to students the most ample facilities for thorough preparation for College or for the acquisition of a good business education; and the principals flatter themselves that their long and successful career as teachers is a sufficient guarantee that the school will be in all respects worthy the public confidence and support.

The Spring Session will open the second Monday in January.

Circulars containing terms and full particulars furnished upon application to either of the principals.

NORTH CAROLINA RAILROAD.

North Carolina has very little left, except the State Capitol, an embryo Penitentiary and the North Carolina Railroad, out of all her stocks and public works for which her people paid such high prices, and she will have to be extremely watchful and cautious, or these will slip through her fingers, and she be left without a homestead, or even a shilling to bless herself withal.

As to the North Carolina Railroad, there are four parties that have had their eye on it, and hope to get possession of it, some of whom yet expect to be successful.

The Raleigh and Gaston Railroad Company had an "understanding" with Major Smith for the lease of the Road to that Company for twenty years, and the Major went so far as to "sign the papers." Laffin, who opposed the lease, was removed as State proxy, and Mr. Richard Badger, who was, at first, understood as favoring the lease, but who finally voted against it, was appointed in his stead. The pressure was too heavy, and he and the Governor were forced to yield to it.

The next bidders are the Piedmont Railroad Company—the corporators of an improvement forty miles long desiring to lease another two hundred and twenty-three miles long! It would look more reasonable to reverse the proposition and let the larger corporation lease the smaller, and attach it as an appendage. The North Carolina Railroad declared a dividend last year and this year, and now has a hundred and eighty thousand dollars to loan the State, so it would not inconvenience her very much to *buy*, even, the little forty mile concern from Greenville to Danville, if a more intimate relationship between the two corporations shall appear indispensible.

For fourteen years the road made nothing, but it was borrow, borrow, all the time; now that it has got to the point of being of some value, there are many trying to get possession of it, and many who ought to know and do better, are desirous of ridding the State of this, almost the only investment the State has left.

Littlefield wanted to buy the road, and would have given three millions *in State bonds* for it, but the grand jury of Wake and the Bragg Committee run him out of the city before he could mature his plans.

Should all other plans fail, it is said to be in contemplation to take away all voice of the State in the management of the corporation in which she owns a three-fourths interest, and give it to the Stockholders, who own one-fourth interest. If there must be a sale, why not let the larger buy out the smaller? But we do not insist on either, because we do not see that there is any imperative necessity for either. But the proposition to let the Stockholders' one-fourth govern and manage the State's three-fourths, is absurd, and the only argument in favor of it is that it is a party machine, which is also absurd.

It is true Major Smith has made it a party machine, but suppose the management is placed entirely in the hands of the stockholders, and he continued as President, which is understood to be a part of the programme, would it be any less a party machine than it is at present? What would prevent him from using it for party purposes, any more than at present? The argument used for subordinating the State's to the Stockholders' interest in this road, on account of its being a party machine, would be equally plausible in favor of abolishing all the officers of the government.

Outside of another civil war, another reconstruction, and another Holden administration, we can conceive of no greater calamity to the State than for her to part with her interest in or control of this road, by putting it in the hands of sharpers, or of capitalists who have no interest in common with our people, and who would manage it to their own advantage without regard to the wants or wishes, interest or convenience of those whose money was used to construct it, and for whose benefit it was constructed.

Let us keep our road; it is nearly all we have left; it has seen its darkest days; don't let's sell now when it is increasing in value every day, and must continue to increase, as prosperity shall dawn upon us and our resources shall be developed.

JOE ON THE RAMPAGE.—"A prophet is not without honor, save in his own country and among his own people," says the good book, (we quote from memory,) and "Joseph my son" seems a verification of the text, for we notice that, soon after the election on the 20th ult., he took a trip to Washington, where he appeared in the annual meeting of the "Southern Republican Association," and made a speech, "giving an interesting account of the recent campaigns in the South," and which elicited a "vote of thanks" from the Association.

We notice that Mr. Happ is corresponding, and Mr. Gilmer the local Secretary of the Association; this suggests that Joe got a rap in the late election which made him "git up and git;" the result of which was his great speech at the little meeting. Go it Joe!

BILLS INTRODUCED.

By Mr. Robbins of Davidson: Bill to change the corporate limits of the town of Lexington; referred.

By Mr. Currie: Bill to amend an act to incorporate the Bladen Land Company; referred.

By Mr. Norment: Bill to prevent the sale of spirituous liquors within two miles of Antioch Baptist Church, Robeson county; referred.

By Mr. Currie: Bill to amend and revise an act entitled the Bladen Manufacturing Company; referred.

By Mr. Merrimon: Bill to repeal an act fixing the *per diem* and *milage* of officers and members of the General Assembly, ratified Nov. 26, '69. [This act is to take effect from the beginning of this session.]

On motion the rules were suspended in order to put the bill through its several reading.

Mr. Olds moved to postpone its further consideration until Jan. 11th, and demanded the previous question, which was refused.

After some debate the motion to postpone was voted down and the bill passed its several readings.

SPECIAL ORDER.

The report of the Special Committee composed of Messrs. Robbins of Rowan, Speed and Brogden, appointed to ascertain and report the vote of the 26th Senatorial District, composed of the counties of Alamance and Guilford, and what action be necessary in reference to seating the Senators from said District.

The Committee met, but failed to unite upon a majority report, consequently each presented his own report.

Mr. Robbins of Rowan, Chairman of the Committee, presented the following report, accompanied with a resolution, to-wit:

The undersigned member and Chairman of the Special Committee on the election in the 26th Senatorial District feels compelled to dissent from the views of the other two members of the Committee.

The Senate has declared the election in Alamance invalid. The vote of that county is therefore illegal, and must be thrown out. But Alamance is only a part of the 26th District; and it is admitted that in the other and larger part of said District, to-wit: Guilford county, a valid election was held and thousands of votes were legally polled for Senators. The fact that no legal election was held in Alamance cannot affect the validity of the election in the District as a whole. If it could, then by parity of reasoning it would vitiate the State election for Attorney-General and also the election for member of Congress in the Fifth District; and the same principle would lead us to the conclusion that even a Presidential election might be invalidated by a failure of any one State to vote, or by its voting in an illegal manner. In short, no election would be valid wherein votes were cast which were afterwards, for any cause, thrown out as illegal. This latter doctrine might be true in the case of an election by a legislative body where a certain number is necessary to a *quorum*, and where by throwing out votes cast in an illegal manner, the valid vote remaining might be less than a *quorum*, when, of course, their entire action would be a nullity. But this can never be so in a popular election, where no particular number of votes is necessary to a choice, but simply a majority, or even plurality, of the legal votes cast. The undersigned is therefore clearly of the opinion, that the persons who received a majority of the votes cast in that part of the 26th District not included in the County of Alamance, on the first Thursday in August last, were entitled to certificates of election as Senators from said district.

The official returns from that part of said District, to wit: from Guilford county, show that John A. Gilmer received 1848 votes; J. A. Moore 1771 votes; William A. Smith 1710 votes; G. William Welker 1861 votes. Mr. Gilmer is entitled to the seat to which we admitted him upon his certificate. Mr. Smith is not entitled to the seat which he now holds.—Mr. Moore would have been entitled to that seat, had he taken the legal steps necessary to assert his claim against Mr. Smith who held the certificate of election; but by failing to do this, he has waived and lost his right to the seat, and the Senate ought therefore to declare the seat of Mr. Smith vacant.

The resolution, herewith presented, embody the foregoing views, and are offered by way of substitute for those brought forward by the other members of the Committee.

Whereas, By the official returns duly authenticated, which have been procured and laid before this body, it appears, that at the regular election for Senators held in the 26th Senatorial District on the first Thursday in August 1870, John A. Gilmer now holding a seat in the Senate received the highest number of votes cast in that part of said District in which the election was legally held, and was not therefore duly elected: and *Whereas*, J. A. Moore, who did receive a majority over said W. A. Smith of the votes cast in that part of said District in which the election was legally held, has waived his right to a seat in this body by failing to contest for the same according to law, Therefore

Resolved, That John A. Gilmer is entitled to hold his seat as a member of the Senate.

Resolved, That the seat held by William A. Smith, as Senator from the 26th District is hereby declared vacant.

Mr. Speed presented the following report and resolutions, to-wit:

The undersigned, one of the special committee of the Senate, to which was referred the election in the 26th Senatorial District, with instructions to report a resolution for the action of the Senate, respectfully submits that, in his opinion, there was no legal and valid election in said 26th Senatorial District, on the day appointed by law, to-wit, on the 4th day of August, 1870, for the election of two Senators to represent the said 26th District in this General Assembly, for the reason that on that day there was no civil law in force in a large portion of said Senatorial District under which a valid election could be held, the Governor of the State having proclaimed Alamance, one of the counties composing the said 26th Senatorial District, in a state of insurrection, and having, by reason thereof, entered, held, and controlled, and there on the 4th day of August, 1870, did hold and occupy in undisputed military control, the aforesaid county of Alamance, to the total abrogation and exclusion of all civil process, and the Constitution and Bill of Rights, declaring "that all elections ought to be free, and it being against the spirit and genius of free institutions that any portion of the people be subject to laws enacted, or coerced to the payment of taxes levied "without the consent of themselves, or their Representatives in General Assembly freely given," I recommend the passage of the following resolutions:

Resolved, That Jesse A. Gilmer and William A. Smith, sitting members of this Senate for the 26th Senatorial District, were not legally and constitutionally elected to this General Assembly by the free and unrestrained electors of said District.

Resolved, That the seats in this Senate for the 26th Senatorial District be and the same are hereby declared vacant.

Resolved, That the Governor be and is hereby requested to issue his proclamation ordering an election in the 26th Senatorial District, for two members, to fill the seats for said Districts declared vacant.

Mr. Brogden presented a report of considerable length, the following is the last section of said report and the accompanying resolution, to wit:

The undersigned entertains the opinion that John A. Gilmer and William A. Smith were duly elected to the State Senate in the 26th Senatorial District, on the 4th day of August, 1870, and are therefore entitled to hold their seats in the Senate for the term of two years from the 4th day of August last.

Resolved, That Jno. A. Gilmer and William A. Smith, having been duly elected to the State Senate by the legal and qualified voters of the 26th Senatorial District, at the regular election held according to law in every Township in said District, on the 4th day of August 1870, are therefore entitled to hold their seats in the Senate as Senators from the 26th District.

Mr. Speed's resolution was offered as a substitute for that of Mr. Robbins of Rowan, and

Mr. Brogden's resolution was offered as a substitute for the whole.

The merits of the several resolutions were discussed at much length, finally the previous question was called and sustained.

Mr. Brogden's resolution was rejected by the following ballot, to wit:

YEAS.—Messrs. Beasley, Bellamy, Brogden, Eppes, col., Flythe, Hawkins, King, Lehman, Love, Mauney, McCotter, Norment and Olds—13.

NAYS.—Messrs. Adams, Albright, Cook, Council, Cowles, Crowell, Currie, Dargan, Jones, Latham, Linney, McClammy, Merrimon, Moore, Morehead, Murphy, Robbins, of Davidson, Robbins, of Rowan, Skinner, Speed, Troy, Waddell, Warren, Whitesides and Worth—25.

After the announcement of the vote Mr. Mauney stated that he voted under a misapprehension and desired to have his vote recorded in the negative.

The President ruled that it was out of order since the vote had been announced.

Mr. Speed's substitute was voted down by the following ballot to-wit:

YEAS.—Messrs. Beasley, Bellamy, Cook, Cowles, Eppes, (col.) Flemming, Flythe, Hawkins, King, McCotter, Moore, Norment, Olds and Speed.—14.

NAYS.—Messrs. Adams, Albright, Brogden, Currie, Dargan, Jones, Latham, Lehman, Linney, Love Mauney, McClammy, Merrimon, Morehead, Murphy, Robbins of Davidson, Robbins of Rowan, Skinner, Troy, Waddell, Warren, Whitesides and Worth 23, and the resolution of Mr. Robbins passed by the following ballott to-wit:

AYES—Messrs. Adams, Albright, Crowell, Currie, Dargan, Jones, Latham, Linney, Mauney, McClammy, Merrimon, Morehead, Murphy, Robbins of Davidson, Robbins of Rowan, Skinner, Troy, Waddell, Warren, Whitesides, and Worth—21.

NAYS—Messrs. Beasley, Bellamy, Brogden, Cook, Cowles, Eppes (col.), Flythe, Hawkins, King, Lehman, Love, McCotter, Moore, Norment, Olds, and Speed—16.

On motion the Senate adjourned.

SPECIAL ORDER.

Bill declaratory of the meaning of the act entitled "An Act to repeal certain Acts" passed at the session of 1868 and 1869, making appropriations to railroad companies; ratified 8th of March, 1870. (Introduced by Mr. Asbe.)

The question recurred upon the following amendment offered by Mr. Phillips to substitute when the matter was last disused:

Strike out the 1st section after the word "enact," and all in section 2nd to and including the word "of," before the words "William Sloan") in line 6, so that the bill will read, "Now, therefore, the General Assembly of North Carolina do enact, That William Sloan and others claiming to act as Directors, &c., &c.

Messrs. Asbe and French argued in opposition to the amendment.

Mr. Phillips in remarks of length advocated his amendment.

After a long debate, Mr. Asbe called the previous question.

The call was sustained, and Mr. Phillips' amendment was voted down; yeas 33, nays 66.

An amendment of which Mr. Welch gave notice, striking out, in the second section, line 3, after the word "aforesaid," down to the word "right," in line 5, same section, was accepted by the Chairman of the Judiciary Committee, and adopted by the House. The bill then passed its several readings in the following shape:

WHEREAS, By an act of the General Assembly, entitled "An act to amend the Charter of the Wilmington, Charlotte and Rutherford Railroad Company, to provide for the completion of said road, and to secure to the State a representation in said Company, ratified the 29th day of January, 1869," the Public Treasurer of the State is directed to subscribe in behalf of the State, four millions of dollars to the capital stock of said road, and provision is made in said act for the issue of Bonds of the State for the payment of such subscription on the part of the State, and it is further provided in said act, that by virtue of such subscription on the part of the State and the issue of bonds aforesaid, the Governor of the State is authorized to appoint seven of the Directors of said Company; and, whereas, by an act entitled "An Act to repeal certain acts passed at the Session of 1868 and 1869, making appropriations to railroad companies, ratified the 8th day of March, 1870," it is declared "That all acts passed at the last Session of this Legislature, making appropriations to railroad companies, be and the same are hereby repealed, that all bonds of the State which have been issued under the said acts, now in the hands of any President or other officer of the Corporation, be immediately returned to the Treasurer."

SEC. 1. *Now, therefore*, the General Assembly of North Carolina do enact, and it is hereby declared to be the proper construction and the true intent and meaning of the Act of the General Assembly, ratified the 8th day of March, 1870, hereinbefore referred to, that all power and authority vested in the Governor, to appoint Directors, by virtue of the provisions of the act of the General Assembly, ratified the 29th day of January, 1869, hereinbefore referred to, became void and ceased to exist, immediately upon the ratification of said act of the 8th day of March, 1870.

SEC. 2. That the power of the Governor to appoint Directors in said Wilmington, Charlotte and Rutherford Railroad Co. having so ceased as aforesaid, it shall be the duty of Wm. Sloan, and others claiming to act as Directors, by virtue of such appointment from the Governor, and they are hereby required to account with, and immediately to transfer all books and papers, money, choses in action, and property and effects of every description of said Company now in their hands, to the President and Directors elected by the stockholders at their last regular annual meeting held in the City of Wilmington on the twentieth (20th) day of October, 1870.

SEC. 3. Be it further enacted, That a refusal or failure to account or to transfer the books and property of the Company, as directed by the preceding section, shall be deemed a misdemeanor, and the offenders, upon conviction in any Superior Court of the State, shall be fined or imprisoned, or both, at the discretion of the Court.

SEC. 4. That nothing in this Act contained shall be construed to affect any other right or interest the State may have in the said Company, or any claim against the same.

Provided, That this Act shall not prevent the General Assembly of North Carolina from hereafter providing for the representation of the interests whatever they may be of the State in this corporation; and that no sale or other disposition of her interests shall be valid without the consent of the General Assembly of North Carolina.

SEC. 5. That this Act shall be in force from and after its ratification.

PROF. CHANDLER of New York City, in a lecture delivered by him at Cooper Institute, March 10, 1870, said:

"It is hardly necessary to enlarge upon the terrible accidents which have resulted from the use of unsafe kerosene; you have only to read the newspapers from day to day to see them. It is stated by some that these are exaggerated; that these accidents never occur, and that you and I never had a friend burned to death; still we do have an enormous number of terrible accidents from petroleum. In the last seven months of 1869 there were fifty five kerosene accidents in New York, resulting in twenty-three deaths, eighteen serious injuries and fourteen slight ones. The total result for the year 1869, for the City of New York which I myself have cut from newspapers is fifty-two fatal accidents from dangerous kerosene, fifty severe and six slight; in all 108 persons to my knowledge, from my own reading have been injured by kerosene in one year."

TO CITY SUBSCRIBERS.—Circumstances have necessitated a sudden change of carriers for a portion of our city subscribers, and our new carrier, with little opportunity to learn the route thoroughly, may omit to deliver to some subscribers. We ask that any omission of the kind may be made known at the office, and it shall be rectified.

PERSONAL.—We had the pleasure of meeting in our sanctum, yesterday, Dr. J. F. Grant of Nashville Tenn., President of the Nashville Life Insurance Company, a notice of which may be found in our advertising columns. Dr. Grant visits our State in the interest of his Company, he is a genial gentleman, and we commend him to the courtesy of our citizens. Notwithstanding his name, we judge he is in no way related to the President, even most distantly, else he would have had a government appointment of some kind.

WARRENTON FEMALE COLLEGE.—We direct attention to the advertisemen of the Warrenton Female College, Warrenton, N. C.; Rev. Turner M. Jones, President. This is deservedly one of the most popular Colleges in the South, and presided over by a Faculty of ladies and gentlemen who have shown themselves throughly qualified for their position. The terms of this College are as moderate as the times will permit, and being located in one of the most refined and intelligent communities in the State, it presents rare advantages for the education of young ladies.—Write to Mr. Jones for a circular.

THE OXFORD FEMALE ACADEMY, Oxford, N. C., Miss M. E. Mitchell and Mrs. E. N. Grant, Principals. This Institution is said to be complete in every appointment, and so conducted as to secure to the young ladies confided to their care the thorough education. Its principals are ladies of high accomplishments and admirably fitted for the care and guidance of young ladies. Miss Mitchell is a daughter of the late Professor Mitchell, of Chapel Hill. A circular will be furnished on applications.

PUBLIC DOCUMENTS.—We are indebted to Hon. C. L. Cobb, M. C. from the 1st District of this State, for the following public documents:

Acts and Resolutions of the United States, passed at the second session of the 41st Congress, from Dec. 9th 1869 to July 15th, 1870:

Report of the Commissioner of Agriculture for 1869, and

Report of the Superintendent of the United States Coast Survey, for the year 1869.

ANOTHER MYSTERY, SOLVED.—Chemists being unable to discover the ingredients in fragrant *Sozodont*, which removes all stains from the teeth and imparts such a peculiar rosiness to the gums, the public are hereby informed that it is a preparation from the Rock of the Quillaya Saponaria or Soap Tree of Chili, imported for the first time into this country for this special purpose. Such is the purifying and inocuous effect of this rare botanical agent, that it removes discolorations from the most fragile textile fabrics, without injuring a single thread.

Dec. 7-eod1w.

VACANCY IN ALAMANCE.

As will be seen by the Senate proceedings of yesterday, that body declared the seat of Major Smith, one of the Senators from Alamance and Guilford, vacant. The grounds of the decision, if we comprehended them correctly from the arguments, were, first, the vote of Alamance, (that county being invested by State Troops,) was void; by the throwing out the vote of that county Messrs. Gilmer and Moore were elected Senators; that Mr. Moore having waived his right and declined to contest for his seat in pursuance to the course laid down by statute, for such cases, the seat was vacant and a new election should be held to fill it.

We suppose a new election will be ordered forthwith, perhaps to take place on the 24th inst., the time of holding the election for a member of the House in Alamance. We further suppose that Billy will try it again and we predict he will be badly beaten.

OUR TABLE.

The American Annual Cyclopaedia and Register of Important Events of the Year 1869, has been placed upon our table. This is one of a series of volumes, commencing with the year 1860, gotten up by D. Appleton & Co., New York. Its title indicates the character of the work, and from the cursory examination of the volume before us we think the compilation of the events which transpired during the year 1869, is well and faithfully done. As a history of the times in which we live the work is invaluable, and we commend it, as such, to students. Its contents are not confined to American events, as might be inferred by the title, but embrace those of the whole world. As the Prospectus of the work says, "it is a library in itself; it is a complete universal instructor, and opens to the student and general reader the whole field of knowledge."

ANDREW JACKSON JONES.—We invite the attention of our readers to the two articles on our first page, copied from the last number of Mesdames *Woodhull and Claflin's Weekly*, of New York.

Andrew Jackson Jones is in Jersey City, devising or carrying out more of his financial swindles, and the lady editresses of the *Weekly* are exposing him and his movements with just severity. They deserve the thanks of North Carolinians for their *manly* vindication of their honor and that of their State, by thus ventillating the many frauds, and the parties connected with them, committed upon North Carolina.

BINGHAM SCHOOL.—The Spring session of 1871 will commence January 3d. Col. Bingham's reputation as a manager and instructor of youths is so well established that he does not require endorsation at our hands. The success of his school speaks for itself.

GOV. SMITH, of Alajama, who has been trying to hold on to the gubernatorial office against the wishes of the people, has finally backed down, and surrendered the Executive office, papers and so forth, to Mr. Lindsay, Governor elect.

STATE NATIONAL BANK.—At a meeting of the Directors of this Bank, held at their banking house, yesterday, Mr. Samuel C. White was elected Cashier, and Mr. William Primrose, Assistant Cashier.

Col. Anderson, who has been connected with this Bank since its organization, goes out to take a position in the new Citizens' Bank, soon to be opened in the Williamson building, N. E. corner Martin and Fayetteville streets.

WE ARE requested to say to the gentleman who carried off from the office of Messrs. Martin and Finch, two books on Insurance, that he will oblige them by returning the same.

HAMILTON'S COMPOUND TROCHES OF BUCHU.—This is a new medicince recently patented, which it is claimed, possesses very great medicinal properties. It is put up in convenient style, small troches, which consists of a compound extract of Buchu, which is recognized as one of the best medicines known to pharmacy. It is for sale by Druggists generally, and by Pescud, Lee & Co., and J. R. H. Carmer, Druggists of this city, in particular.

Two white men were captured near Fair Bluff, Catawba county, last Thursday morning, and lodged in the Whiteville jail, suspected as being a part of the gang of outlaws who infest Robeson county. They resisted the attempt to capture them but were overpowered. One of the parties were painfully wounded about the face.

GEN. HILL, in the *Southern Home*, says that the message of Gov. Scott of South Carolina, contains many *mentrics*. The Governor ought not to do so.

SUDDEN CHANGES OF WEATHER ARE productive of Throat diseases, Coughs, Colds, &c. There is no more efficient relief in these diseases to be found, than in the timely use of "*Brown's Bronchial Troches*." They possess real merit, and have proved their efficacy by a test of many years, having received testimonials from eminent men who have used them.

FAITH WELL FOUNDED.

In old times, at the commencement of every season, it was the fashion to take a strong cathartic as a safeguard against a change of temperature. It was a worse than senseless practice. The people of our day understand the matter better. Instead of depleting the system they reinforce it. In the method they adopt they exhibit a wise discrimination. Instead of resorting to the vitiated stimulants of commerce, or any of the compounds derived from them, they put their faith in the only absolutely pure invigorant procurable in the market—Hostetter's Stomach Bitters. Their faith is well founded. Never has any tonic medicine been prepared with such scrupulous precision and conscientious care. It is a vegetable compound of which every ingredient is sound, wholesome and medicinal in the true sense of the word. Now, we have three prominent national complaints. One half of the adult population of the United States suffer more or less, either from disease of the stomach, derangments of the liver, or affections of the kidneys. In no other land under heaven are these maladies so general as in this country, and Hostetter's Bitters is a specific for them all, unless organic in their origin, and, therefore, beyond cure. And let those who are fortunate enough to be exempt from them at present understand one great fact, viz: that an occasional use of this vitalizing tonic will as certainly prevent them as the sun will prevent the earth from freezing where its genial beams descend.

MORE BURNERS ARRESTED.—James Johnston, Frank Bright, Wm. Thomas, James Rice, and Daniel McAdam, all colored, were brought to the city yesterday morning, under warrant issued by his Honor Mayor Harrison, and lodged in jail as being parties to the burning of Mr. Lashley's barn. Evidence has been adduced to the effect that a conspiracy was formed some eighteen months ago, and is still in existence, 1st, to kill the Ku Klux whenever found in disguise; 2ndly, to kill any man (or burn him out,) who was known or believed to belong to the Ku Klux, whether seen disguised or not; and 3rdly, if they continued to ride, to commence and burn indiscriminately. Several of the parties arrested are parties to the conspiracy, and conclusive evidence has been presented that they were connected with the burning which recently took place in this county. The officers of the law are exerting themselves to ferret out the disturbers of the peace and safety of society.

THE REVIVAL at the Baptist Church continues with unabated interest and increased prospect of good. Between eighty and a hundred have professed conversion since its commencement.

THE ODD FELLOWS' anniversary celebration, last night, was all that might be expected, and of too much interest and importance to be turned off with a five or six line paragraph, therefore we lay it by as a fat local for to-morrow's issue.

We are requested to give notice that a meeting of the colored citizens of Raleigh and vicinity will be held at the Court House, on Thursday, evening the 15th instant, at 7:30 o'clock, for the purpose of making suitable arrangements for the celebration of the 7th Anniversary of President Lincoln's Emancipation Proclamation. A full attendance is desired.

O. M. ROAN,
Chairman of Committee.

[REPUBLISHED BY REQUEST.]

REV. A. B. EARLE AND THE REVIVAL IN RALEIGH.—We have never seen such a revival of religion as is now in progress in the Baptist Church in this city. Every available spot of the largest audience room in town is occupied—pews, aisles, galleries, all are full, and for several nights the people have crowded around the preacher till the pulpit-platform and steps held a hundred persons.

Tuesday night fully two hundred persons rose and asked christians to pray for them, while many joyfully acknowledged their new found hope in the Savior. Old breaches between christians are being healed, and there is every indication of a genuine work of grace in the meeting.

Now why is it that the preaching of Mr. Earle is always attended with such results? He is no more eloquent or learned or gifted in voice and manners than other men. What then is the secret of his power? If we were to designate any one element of his character as lying at the basis of his power, we should say it was his faith. He seems to be a profoundly pious man, with great singleness of purpose, but we have known men as godly who did not have his strength—it is his tremendous faith that clothes him with such remarkable power. He said the other morning that "if God were to tell him to go to the city cemetery and sing Old Hundred and he would raise the dead, he would go round to the people of Raleigh and tell them to prepare to receive their dead, for they were coming out of their graves." He seems to be able to take God at His word, and preaches the Gospel blessing, that it is the power of God unto salvation, and it proves the power of God to those that hear. But with this capital feature are united several other attributes which give extraordinary effectiveness to his ministry. He has a clear and vigorous intellect—some of his sermons are of extraordinary power, and his views of scripture always original and striking. We have never heard a speaker of more distinctness. He seems able to say in a few good, strong words just what he wants to say, and his language often possesses a quaintness and piquancy, which make his discourses interesting, and yet are perfectly natural.

Indeed, the simplicity of the man is charming. He gives many anecdotes and illustrations from his own experience, but there seems to be no vanity or conceit about him—it is all done with the simplicity of a little child, and the humility of a true christian.

His voice is strong and clear—a little hard and unmusical by long use, but still a good voice, though wanting in the power of modulation. He speaks in an elevated key, but always very much in a conversational style. He is terribly in earnest. He never weeps—there are no tears in his voice—he never becomes impassioned, and yet you feel as you listen that there is a fire in the man—a smouldering volcano is beneath the surface of that calm face.

Another distinguishing characteristic of the man is his knowledge of human nature, and this gives him entire control over vast assemblies. He never has any disorder in his meetings and he seems to possess the faculty of making people do just as he pleases. If he asks persons to speak, or pray in public they always do it. Even timid females will rise up at his bidding and speak before hundreds, of their love for Jesus, or their desire for the conversion of some dear friend.

Mr. Earle is a neatly-dressed, fine looking man of 38 years of age—very genial and pleasant in his manners, and of iron frame. He is accustomed to preach from sixty to seventy times a month for six months together, and yet he has never broken down but once.

He is indeed a wonderful man and we earnestly hope that his visit to Raleigh may result in a great blessing to our people.

We would suggest to the reader not to fail of reading the interesting letter on our fourth page on the subject of quail shooting in North Carolina.

A new paper, to be called the *Pee dee Herald*, is soon to be started at Wadesboro, Anson county.

Rosanna Wood robs gardens in Wilmington. Colored husbands beat wives in same city.

THE *Standard*, in commenting upon that portion of the President's message relating to resumption of specie payment, says:

"Let us have it soon as possible a resumption effected—let us be rid of this *vexed, filthy* issue which now so sorely afflicts society."

This is an unfortunate remark for the *Standard* to make. The only "currency" that we are aware of that is wanting in "respectability," is the bonds issued by the State administration of which that journal is the organ. And our "society" is, as Mr. Ashley observes, "sorely afflicted by it." But we had never supposed that he, or any of his party would so emphatically call it "*filthy* lucre," and demand that it be gotten "rid of" so peremptorily.

Verily, Mr. Ashley is wanting in filial affection; he and his party "afflicts society" by begetting a financial monstrosity—conceived in sin and brought forth in iniquity—and then spurns it from them as "*vexed, filthy*."

We could say that ingratitude finds a home about Mr. Ashley's premises.

THE OLIVE BRANCH, Mrs. P. M. Bumpass' Methodist paper, published at Greensboro', reaches us regularly. It is a real pleasure to read this truly christian paper. It bears upon its face the imprint of a sincerely religious simplicity, and faith in the Great Shepherd, and holds out the Olive-branch of Peace to fallen humanity with the earnest zeal and piety, which is always found in a christian woman.

GEN. BUTLER says that Porter "has disgraced the President and the Navy." And Porter said Butler was a disgrace to the army, and both told the truth.

SALISBURY has a Tournament and Coronation Ball on the 29th inst. A candy stew would be more pleasant, because less common.

THE *Examiner* calls for the impeachment of Gov. Holden, but thinks it "unfair and unjust that he should be held accountable for his sins, while others equally guilty, say, far more guilty, are allowed to go unwhipped of justice."

To the Honorable,

The General Assembly of N. C:

We beg leave, most respectfully, to recommend to your honorable body, the claims of Mr. Patrick McGowan for the position of Keeper of the Capitol. Mr. McGowan's qualifications for the position are unquestionable; he is strictly temperate in his habits, attentive to business, courteous and obliging. His claims too, are equal to those of any other applicant, he is somewhat advanced in years, has a large family dependent on him and is a thorough Democrat, at all times and under all vicissitudes, and we have no doubt his appointment to the position he asks would give general satisfaction.

MANY CONSERVATIVES.

We can fully endorse what is said of Mr. McGowan by "Many Conservatives."

Tuesday Evening Dispatches

WASHINGTON.

WASHINGTON, Dec. 13.—HOUSE.—No important business during the morning hour.

The discussion on the Postal Laws was resumed.

The Committee on Ways and Means heard the delegates from the Virginia Tobacco Convention. The impression exists that no material change will be made in the tobacco tax.

SENATE.—McCreery in supporting his Arlington resolution, delivered a touching eulogy upon Gen. Lee. He was listened to with great attention by the Senate, and occasionally and the signs of emotion was found in the galleries.

MASSACHUSETTS.

BOSTON, Dec. 13.—The City of Lowell elected the people's candidate for Mayor, over the Republican candidate. The City of Newburyport elected a Republican Mayor.

FOREIGN.

LONDON, Dec. 13.—The German advance on Havre has turned aside to Dieppe, which was probably occupied that day.

The Duke of Mecklenburg reports a severe battle with the army of the Loire at Beaugency, where the French were re-enforced; 1,500 prisoners and 6 guns were captured. The remainder of the French army is on the road to Beaugences, and will be captured or beaten.

Another account says that after the fight on the 7th, the Bavarians threatened Beaugency and Marchmoix forest; the French were reenforced but the Prussians took Beuvant, Beaumont, Mosnis and Beaugency, and on the 9th Beaugency, Yellerogn and Bernay were captured.

The rumored repudiation of the neutrality of Luxemburg is regarded as extremely improbable. Bismarck would hardly at this time defy Belgium and the Netherlands.

The rumor of an armistice is utterly unfounded.

BERLIN, Dec. 10.—The bombardment of Paris is not dictated by any special influences, but by purely military reasons.

New levies of Landwher are destined for the reserve division, which will reinforce the army in the field.

Gen. D'Hencourt arrived from Paris by balloon. He says that the Prussians lost 15,000 men in the movement on the 2nd instant. He also says that Paris suffers no privations.

VERSAILLES, Dec. 13.—The French assuming the offensive before Paris in large force, were repulsed at nightfall, after a day's artillery fight.

The French at Hom captured a detachment of Prussians with artillery.

LONDON, Dec 12.—The Duke of Mecklenburg telegraphs the Duchess, announcing a victory on Dec 9th.

Tuesday Night Dispatches.

[From the Boston Courier of Dec. 4th.]

QUAIL SHOOTING IN NORTH CAROLINA.

November 28, 1870.

To the Editor of the Courier:

The writer was one of a party of five Boston gentlemen, who sailed on the 7th instant in the steamship McClellan, under command of the genial Capt. Frank Howes, bound for Norfolk, Va. After a delightful run of 46 hours, we landed at Norfolk, and put up at the National Hotel. The next morning at 7 o'clock we took the cars at Portsmouth for "Kittrell's Springs," Granville county, N. C., one hundred and eighty miles distant. An eight hours' run deposited the party at the Springs in question.

We had a gentleman with us, who had been a former resident of Kittrell's Springs, W. F. D., so that our arrival at the depot was welcomed on his account by a party at least of one hundred and fifty people, his old friends and acquaintances, variegated by a liberal sprinkling of 15th amendments, as all crowds in this region are sure to be. Greetings over, we proceeded to the hotel near the depot, whose landlady, Madame Tailor, is one of those charming matrons so frequently met with in the good old "North State." Here, then, we established our headquarters for the next fortnight, which was to be devoted to quail shooting. On Friday, the morning following our arrival, the party were called upon by Major T. H. Blacknall, a friend of W. F. D., who kindly placed his three hunters at our disposal during our stay at "Kittrell's" (for they hunt quails on horseback here.) This kind offer, so characteristic of the hospitable people here, was accepted. It is needless to say that Major Blacknall is every inch a gentleman. He is an extensive planter of corn, cotton and tobacco. It was our good fortune, also, to meet with Capt. George B. Bullock, Capt. Thomas Capehart and C. W. Rainey, Esq., prominent gentlemen of this vicinity.—They kindly accompanied us on most of our shooting excursions, and it was to their hospitable efforts that our stay here was rendered so pleasurable, that this North Carolina quail shooting expedition will ever hereafter be a sunny memory.—We can only hope that we may be able at some future time to reciprocate, in some small measure, the unstinted and truly Southern hospitality which we experienced at the hands of the above-named gentlemen.

The Kittrell Springs waters are medicinal, and are among the most salutary in the country for kidney diseases and cutaneous troubles, being considered a sure cure for the latter. They contain iron, sulphur and magnesia. The springs are the property of Dr. George W. Blacknall, the proprietor of the Yarborough House, at Raleigh, the State capitol, which is some 38 miles distant. On the 10th inst., we were the guests of Dr. Blacknall, at his house in Raleigh, which is the Revere House of that city. A better hotel cannot elsewhere be found than the Yarborough, under the management of Dr. Blacknall and his excellent lady. By the way, the whole party, while the guests of Dr. Blacknall, found greenbacks of no sort of use, either on the Railroad from Kittrell's to Raleigh and return or at his hospitable mansion. Let Northerners intending to visit Raleigh make a note of the Yarborough Hotel.

The quail shooting in North Carolina is superb. My friend, W. F. D., C. W. Rainey and myself, between 9 A. M. and 3 P. M., easily bagged from 60 to 70 plump quails, to say nothing of an occasional woodcock. Shooting game birds here in North Carolina is one thing, and shooting them in New England quite another. Here you mount a horse, taking a juvenile 15th amendment behind you on the crupper, and start out, crossing the country in any direction promising abundant game. As soon as the dogs have pointed the birds, you dismount, fling the bridle to your attendant, and blaze away. You are always sure of a full bag as the result of the day's work.

Among the reminders that we were in a softer climate than that of Boston, at Kittrell's the white roses were in blossom in the yard of our hotel, and our ears were regaled in the morning by the delightful notes of the mocking birds from the neighboring trees.

We came here for autumnal sport with our guns, and not on a political errand. But we will say that the better class of the white people here are Conservatives and Democrats in politics; and this is true, also, of the more intelligent colored population. If you want to find Ku Klux outrages you need not come here for them, but consult the columns of Northern radical newspapers. When Gov. Robespierre Holden's reign of terror is over, the old North State will wheel into line again with the other reliable Democratic States.

Our excursion was without a single drawback from beginning to end, and our whole party will long remember their quail shooting experience in company with their hospitable entertainers of Kittrell's Springs, North Carolina. May their shadows never be less.

We made the run back from Norfolk to Boston in fifty-six hours, in the steamer William Kennedy, Capt. G. H. Hallet, a gentlemanly and mode commander. Northerners who visit North Carolina for pleasure or business cannot fail to bring back pleasant memories from that ancient State. E. S. G.

[From Delta's Farm Journal.]

No Southern planter can farm to advantage unless he will take some notice of the fertilizing elements that are going to waste on the Southern plantations. There is muck, or rich black mud or earth in abundance, which can be had for the hauling. Now this rich muck or earth combined or composted with cotton seed makes a cheap, and one of the best fertilizers that can be used for corn or cotton. Practical experiments have proven this to be correct, as composted muck and cotton seed, that has rotted together in layer after layer in the heap, and well covered to keep the ammonia in, when applied, say a handful to the hill, for corn or cotton, has yielded one hundred and five bushels of shelled corn per acre, and a bale of cotton per acre on light, sandy soil. Where no fertilizer was applied, it would not have produced as much corn or cotton as would pay for the plowing. Now every planter can see what a large amount of fertilizing material is wasting, only wanting the mere hauling together to give him a manure equal to most of the guanos sold on high'y. This muck is not only laying useless in the South, but in most of the States, when it should be made use of as a composting agent. There are many farmers who are letting the urinal washings go to waste from the manure heap, when a few loads of rich earth or muck could be hauled around or spread on the manure to absorb the rich fertilizing matter that is being wasted out or others be going to waste for want of an absorbing agent, and muck is the agent that is wasted to gather and save it.

If Nebraska will just step forward into the Democratic column, the five States that the Radicals constructed or reconstructed for the sake of their votes in the United States Senate, will be redeemed, and the fruit which these miscreants hoped to pluck for all time, turned to bitter ashes in their greedy mouths.

Why is a pig with a twisted tail like the ghost of "Hamlet?" Because it could a tail unfold.

BENEFIT LIFE INSURANCE COMPANY

OF NEW YORK.

Cash Assets over $1,500,000,

ISSUES ALL FORMS OF NON FORFEITABLE, WHOLE LIFE AND ENDOWMENT POLICIES, on the Mutual Cash Plan, declaring dividends annually after the first annual premium paid. Assets exclusively Cash, with no portion of its reserve fund in premiums notes, consequently its "reserve" is stronger than that of any company doing business in this State. No "definite surrender values guaranteed" as an inducement to new business, but reference is made to the average amount paid on each surrendered policy, as shown by the New York Insurance Reports, 1869, as evidence of having paid larger surrender values, than has been given under a minimum "Definite Cash Surrender Value." Death losses have not occurred out of several hundred policy holdeys in this State, which fact must establish the better ability of the Company to pay larger dividends than companies having an excessive mortality, the result of a selection of bad risks. "Fictitious Dividends are not declared, but dividends are given from the actual surplus, in accordance with the Company's charter. The attention of the public is invited to the following comparison of cost, demonstrating the advantages over ordinary insurances, of the

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE IS THE ONLY COMPANY IN AMERICA WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES

IN CASE A POLICY IS FORFEITED FOR NON PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation for judgement of investment, economy of management, and skill and care in the selection of risks; upon which elements of administration the security of a Life insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the cash value of their Policies, each and every year, and a certain legal standard of reserve and accumulation must be held by the companies to meet all their liabilities.

Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the BROOKLYN LIFE.
